Design

**Alejandro Acuña**  
MAXLINEAR

---

Alejandro Acuña Alejandro Acuña-Muñoz was born in Málaga, Spain, in November 1977. He received the Ingeniero en Electrónica degree from Universidad de Málaga, Málaga, Spain, in 2004.

He works as Principal RF/MS design engineer for Maxlinear since 2015, where he is involved in the design of Radio SoC for wireless communications. Previously, he worked for Marvell Semiconductor and DS2 for 8 and 2 years respectively, focused in SoC for wired communications. At the beginning of his career, during 4 years working for iC-Málaga, he was designing communications chips in industrial environment as well as optical transceivers. He is currently pursuing the Ph.D. degree at the Departamento de Ingeniería de Comunicaciones, Escuela Técnica Superior de Ingeniería (ETSI) de Telecomunicación, Universidad de Málaga. His research interests are focused on mm-Wave IC design, analyzing new structures and topologies for RF transceivers and integrated antennas.
